Ray,

Thanks for the quick reply. Yes, we can certainly do a conference call at that time. On our end, Van, Dennis and the data we already provided should be adequate to allow closure on the few questions remaining. I look forward

p.s. UEC's borehole plugging reports are on a CD and I will express mail the CD this morning.

Ray,

As a follow up to the various clarifications that I sent up to the Region today re the pur any possible questions you may still have. On my end, the conference call would include V on Tuesday to walk through the documents and answer any questions you may have. I hope you
